Dear Mr. West,

On behalf of USS CARL VINSON and her crew, please accept our appreciation for the superb support that we received from Kathy Hill and the entire team at the Document Automation and Production Service (DAPS), Bangor detachment, in support of our recent Change of Command ceremony.

We utilized DAPS' services for our invitations as well as our programs and their superb customer service skills, coupled with the absolutely perfect end products, ensured a first-class Change of Command ceremony for CARL VINSON. They even hand delivered the programs right to our quarterdeck. Simply put, it was awesome support!

Please pass on my personal thanks for a job extremely well done!

Sincerely,

K. M. DONEGAN
